INGRAM MICRO[®]**Office 365**

Next Steps for Partners

This kit includes great resources to help you get started on Office 365.

Get the most out of Office 365 for you and your clients!

We here in the Ingram Micro Cloud Team wanted to thank you for doing business with us and fully appreciate you choosing us to help build your Microsoft Cloud business.

We have pulled together some valuable resources and information on Office 365 which we believe will be of great benefit to you.

Sky Kick

Sky Kick is an email migration project management service that works seamlessly to plan, move and setup a business' on Office 365. It allows you to migrate with no disruption in email services, with Automation down to the Outlook client configuration level.

Deploy Office 365 ProPlus by using Remote Desktop Services

[http://technet.microsoft.com/en-au/library/dn782858\(v=office.15\).aspx](http://technet.microsoft.com/en-au/library/dn782858(v=office.15).aspx)

Microsoft Action Pack

Action Pack empowers partners to learn about, build on, install, and sell Microsoft technologies and solutions, across platforms, on-premises, or in the cloud. The Action Pack contains Internal Usage Rights licenses for Office 365 Enterprise E3 licenses, which are key for setting up the Partner Admin Center and achieving MS Cloud Competencies.

Partner Admin Center

The Partner Admin Centre makes it easier and faster to view and administer customers across EA, Open and Direct. Use the features on the Partner Admin Center to send your clients trial invitations and purchase offers, and to offer them delegated administration services, depending on the services you are authorized to provide. You can also use product keys to set up your client's Office 365 account.
